## Welcome to Sea Stars class

my name is Leang K. Tea. I was born in Battambang, Cambodia. I came to the United States in 1979. I have six siblings and I am the youngest girl. I also have a dog name Nickey (spoiled dog) and thinks she is the baby in the house. I love turtles but I do not like Franklin or ninja-turtles. I attended SDSU majoring in liberal studies. However, that all changed when I started to work in the Child Development field I got hooked. I have been working in the Child Development field for more than fourteen years. I have been here at Discovery Isle for seven years now. You can say I love my job. I enjoy working with children and watching their curiosity sparkle. I love to do crafts and I have many hobbies. For a while now I was doing beading but since my mom passed away in September 2015, I have not done it. But I picked up another hobby that is crocheting since then.

Ms. Thalia just recently started her journey in the education field. She was raised in a deaf household, so she is fluent in American Sign Language. She is Mexican, Puerto Rican and Cuban, however she sadly is not fluent in Spanish. Her favorite thing to do is watch the sunset on the beach. Her favorite Disney movie is Tangled. One crazy fact about Ms. Thalia is that if she were offered a million dollars to eat cheese, she would not do it. Three words to describe her is patient, TALL and caring.

We are looking forward to going on an adventure and exploring the world with your kids. Every month we like to take the kids on an adventure in the dramatic play. For the month of July, we are going to see what it takes to be a superhero and we will be learning about the fourth of July.
